

BIODEX ULTRA PRO

MODEL 058

ABOUT

The **Biodex Ultra Pro** ultrasound table is a specialized table for all general ultrasound procedures. With an ergonomic design catering to patients and sonographers, this table enhances the overall efficiency of achieving high-quality images. The open frame design facilitates closer proximity for sonographers, which is particularly beneficial for tasks like carotid imaging or long-leg arterial scanning. With the optional motorized Fowler back, this table offers infinite adjustability up to 80°.

FEATURES

The central floor locking system secures table position and is accessible from either side of the table

Motorized height and trendelenburg

Foot support

Manual Fowler positioning (Optionally motorized)

Optional folding side rails

Optional foot control
